

How to Setup and Access PowerChart from iPhone/iPad

Medical Students

I. Setup

Step 1 Add device to UMHWirelessII network (skip this step if you are already connected to the network)

- Select the **Settings** icon from the home screen
- On the Settings screen, you will see a button for **WiFi**, push this button to view a list of available wireless networks
- Select **UMHWirelessII** (Figure 1.1)
- Enter **Username (Pawprint)** and **Password** and press **Join** (Figure 1.2)
- Accept** the certificate (Figure 1.3)

Step 2 Install Citrix Receiver

- Select the **App Store** from the home screen
- In the *Search Window*, type **Citrix**
- Select the button for **Citrix Receiver**
- On that screen, touch the **Free** or **Install** button (You will be required to have an iTunes account to install this free app)- Figure 2.1

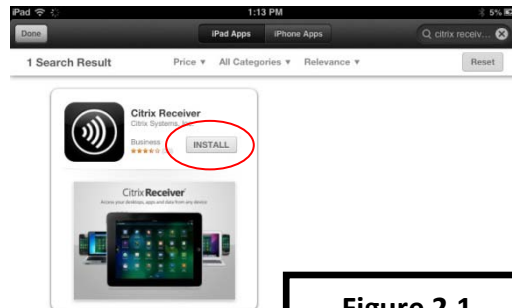

Figure 2.1

Step 3 Saving URL as Bookmark and/or Home Screen icon (Optional)

- Open **Safari** from the home screen
- In the *Address Field*, type: <http://cerner.umh.edu> and press **Go**
- Select the  button and select **Bookmark** or **Add to Home Screen** (Figure 3.1)
- Rename the title to your preference and press **Save**
 - To access the Bookmark, select the  button
 - To access the Home Screen button, press the **Home button** and select the icon
