

Medical School Transcript

You must request your official medical school transcript from the campus registrar's office.

- **MU Graduates** – submit written form – Specify "Medical School Transcript ONLY"
You may use [this form](#) (copies of this form are available in the OME and at the Transcript Office at 125 Jesse Hall)
- **Non MU Graduates** may request transcript on line [here](#)

The transcript should sent to the OME, MA213 Medical Sciences Bldg. directly from the transcript office.

It's recommended that you wait close to the time when you will apply to send through your request for your transcript as this allows as many grades as possible to be posted to your transcript. The transcript office usually has the transcript to the OME within 2-3 days.
