Dear M4 Students,

Below I have posted the cost of attendance for next year. Earlier this year, the Board of Curators approved a 3.5% tuition increase. The living allowance was also adjusted based on student surveys and figures from campus. The average 10 month living allowance will be **\$2,055 per month** (includes health insurance). You can use the attached guidelines to help create your own personal budget.

I'm hopeful that financial aid awards will be completely posted in myZou tomorrow. Awards are slowly starting to appear today – scholarships post first and then loans. I will email everyone when awarding is finished and ready for you to accept/decline. **Disbursement for fall will be July 28.**

If you will need additional funding for residency applications and/or away rotations, please visit with me.
