

USMLE Transcripts

The official USMLE transcript includes personal identification information and a complete history of all Steps and Step Components. For the complete list of information included on the USMLE transcript, please click here: <http://www.usmle.org/bulletin/scores/#transcripts>. The NBME transcript, called the NBME Record of Scores, includes identification information and passing history of NBME Part examination scores. NBME Part failing history is reported when specifically requested or required by a licensing authority.
