Subject: Save the Date-M4 Registration Class Meeting

Good afternoon,

A class meeting has been scheduled for February 22 to discuss the M4 year registration process and VSAS (applying for electives at other medical schools). It will be held in Acuff, 12-1pm. Lunch will not be provided as it is not allowed in Acuff. Arrangements will be made for rural track students to attend via webinar. Additional details will be provided later.

The M4 Procedures Guide has been updated and is available on your student home page-Student Resources. Please read through it as it will become a valuable resource to you now and throughout your M4 year.

The 2013-14 senior rotation catalog will be published in early February. You can consult the current catalog to help with your planning now. I'm anticipating minor changes—like some additional course information added and block availability may change for a few courses. <https://ome.som.missouri.edu/SRC/Modules/Site/Home.aspx>.

M4 Registration is scheduled for March 12 - March 15 . Details will be provided at the meeting.

Don't forget to schedule a meeting with Drs. Brown or Gay by March 30th. It is required in order for you to have access to the electronic add/drop system which opens April 1st. Please contact Gina Graves or Wanda Zinn for scheduling. I won't be able to assist with this since I do not have access to their calendars. Highly suggest you get on their calendars soon as they have pretty busy calendars.

Thanks,
Amy
