

2013-2014 Budgeting Guidelines

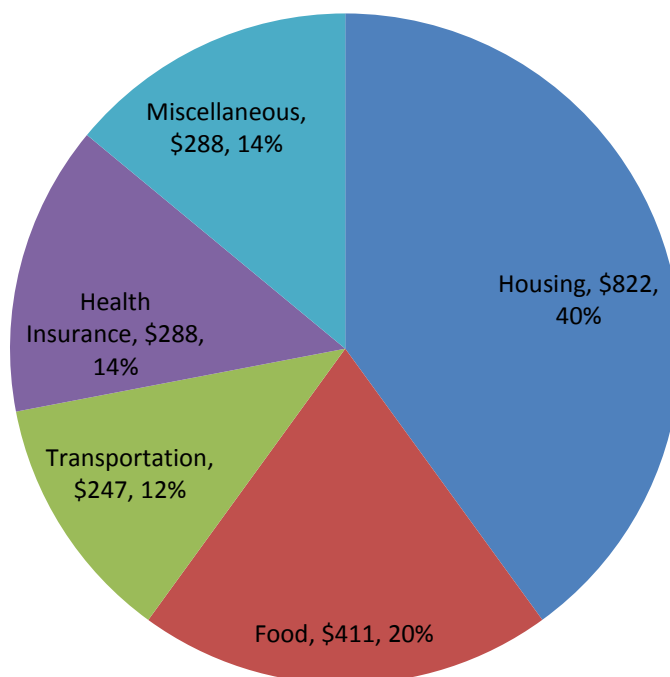

Need a guideline for where your money should go? Use the the following guidelines for a month for a better look at your situation. Track your spending and see how your actual expenses compare. You might be surprised at how much you spend on incidental items. This will give you insight on where you could reduce expenses. You might find you could borrow fewer student loans!

Living Expense Budget	
10 months = \$20,558.00	Per month = \$2,055.80
