

AUA Rank-ordered Preference Lists

Changes to Preference Lists:

1. Preference lists may be changed up until the January 4, 2013 deadline; and you may withdraw completely from the match up until this deadline.
2. After January 4, 2013, you may **not withdraw** from the match and you are morally and legally committed to accept a program if you are matched with it.
3. All preference lists are considered confidential and their contents will not be divulged.

Submission of Preference Lists:

1. Preference lists must be submitted no later than January 4, 2013 in order to participate in the match.
2. By accepting online the terms of agreement to the preference list, applicants make a formal binding commitment to accept a position in any one of the programs they have listed. By accepting online the terms of agreement to the preference list, program directors also make the results of the matching program a formal binding contract.
3. Applicants are free to change preference(s) up to the time the confidential ranking list is submitted to us, as are the program directors. Neither applicants nor program directors may ask for a commitment from the other outside the match.
