**Subject:** Indian Health Service M4 Externship Application

I am sending out the application for the Indian Health Service. This application has updated rotation dates so as not to conflict with COMPASS dates, which are also noted on this form. If you are interested in applying, please e-mail me and I will also send you a PowerPoint presentation and the brochure with comments/feedback from the students who rotated there this academic year. Dr. Garrett and I are also available for any questions. Thanks – Tammy.

Reasons for requesting an IHS Family Medicine Externship:

**I understand that these IHS-Family Medicine Externship blocks have been arranged through Crownpoint, Keshena and Whiteriver and the Department of Family and Community Medicine. They are reserved for students who are sincerely motivated to work in an IHS setting and who are committed to understanding how culture impacts on all aspects of the health care delivery system. *By signing this application form below, I am agreeing to complete this externship experience if chosen.***
