

Urology Residency Program > List of Programs

Listing or not listing programs on this site does not imply the approval or disapproval of the AUA. All accredited programs are listed. The decision to participate in the match rests solely with each program director.

Note: All programs do not participate in the Match. For those that do, application deadlines range from **September 1 to early January**. Be sure to check with each program for its application deadline. (Hint: do not wait until the last minute to send your application. Some programs fill their quotas early and cut off applications before their announced deadline.)

The "positions" listed in the programs participating in the match indicate how many positions a program listed with us for the match. If there are "0" positions listed, the program is not participating in the current match.

You may obtain additional information on each program by accessing their individual web site.
