Mistakes

- Undersell yourself (include a “reach” program)
- Rank order list not long enough
- Oversell yourself (no safety net program)
- If you want to talk about how competitive you are, please come and talk to us
- We have some school specific information and will have more in future years (Thank you!)

Top 5 Factors for Interview Selection

- USMLE Step 1 Score
- Letters of Recommendation
- Personal Statement
- Grades in required clerkships
- USMLE Step 2 Score

Factors Rated by Program Directors as Important in Ranking Applicants

Scale ranged from 1 (not at all important) to 5 (very important).

How does the Match algorithm work?

- Lloyd Shapley and Alvin Roth

How the Match Algorithm Works

- Applicant proposing
- Starts with an attempt to place an applicant in the program ranked #1 by the applicant
- A tentative Match occurs:
 - > if the program also ranked the applicant and the program has unfilled positions
 - > if the program is filled but the applicant is ranked higher than another applicant tentatively matched to that program

How the Match Algorithm Works

- There is no match if:
 - > the program did not rank the applicant
 - > the program ranked the applicant but is filled with other applicants more preferred by the program
- Matches are final when:
 - > when the algorithm completes its cycles, all tentative matches become final
- Couples match when:
 - > the algorithm places a couple in their highest ranked pair of programs on the PRIMARY list where BOTH matched

The Match Commitment

SECTION 5.1:

"The listing of an applicant by a program on its certified rank order list or of a program by an applicant on the applicant's certified rank order list establishes a binding commitment to offer or to accept an appointment if a match results and to begin training in good faith (i.e., with the intent to complete the program) on the date specified in the appointment contract.

Failure to honor this commitment by either party participating in a match will be a breach of this Agreement and may result in penalties to the breaching program or applicant....."

NEVER

NEVER

NEVER

RANK A PROGRAM YOU

DON'T WANT TO GO TO

In limited circumstances, the NRMP may grant a waiver of the Match commitment.

■ Applicants:

- Hardship
- Change of specialty: must be requested by January 15
- Completion of residency postponed

■ *Waivers must be requested from, and can be granted only by, the NRMP.*

Match Violations

- You (and the program) are not allowed to ask where you'll be ranked - though you can express interest and so can they
- You aren't allowed to discuss or accept a position outside the match before NRMP gives you a waiver
- You must honor the match agreement
- You must provide programs with complete and accurate information
- Violations should be reported to the NRMP

FAMOUS EASTERN MEDICAL SCHOOL GENERAL HOSPITAL

Dear Applicant:

We have thoroughly enjoyed your visit with us and it is clear that you will excel wherever you choose to go.

You represent the kind of candidate that has traditionally done well in our program and we hope to have the opportunity to work with you in the coming year.

**Yours sincerely,
Program Director**

Final Considerations

- Once you have certified your rank order list
.....forget about it for a few days.

Summary

- Prepare a rank order list worksheet with program codes in order of preference before entering them on the “My Rank Order List” screen.
- Be sure to certify your rank order list.
- Complete your list at least a week before the deadline.

• Relax!
