

University of Missouri-Columbia Alumni Directory

Organized by State

Congratulations on making it to your 4th year of medical school! The Class of 2010 compiled this alumni directory to assist 4th year medical students in exploring residency options, as well as making the residency interview process a little easier and less expensive!! We hope that future classes will add their information so that we can connect med students with alumni from all specialties across the nation.

The extent of involvement by our class is variable. Some alumni will offer housing for away rotations (for free or for rent) or interviews, tours of the city/hospital, and transportation to and from the airport. Most alumni are willing to be contacts for students and offer advice about residency, the prospective medical center, community, and specialty in which they are interviewing. Alumni who stayed in Columbia for residency are still available as contact resources.

As residency schedules are always unpredictable, the answers listed to these services are open to change, so be sure to contact the person within plenty of time your visit. Good luck with your 4th year! We hope you find this helpful. You may contact kayrogers@gmail.com with questions.

The ** by some names are med students who participated in the Military Match. In the marital status column, S = single and M = married.

**Also note that some positions are Preliminary Years or Transitional Years, so the alumni will be in that location only for 2010-2011

**Other positions (Derm, Radiology, Rad Onc, PM&R) do not start until 2011, so be sure to take note of that as well
